

GIVE THE WINDS A MIGHTY VOICE

This book by Bro. Stan Mitchell is subtitled, "Our Worship in Song." The author is the son of missionaries and grew up in Zimbabwe, Africa. He is both a faithful minister of Christ and an effective song leader. His book is designed to help his readers "sing with deep reverence toward God, greater awareness of the words of the songs and their meaning and more joy and enthusiasm for singing..." While rewarding for personal reading, it is arranged in thirteen chapters with questions, in order to be useful for Bible classes. He provides us with a pleasant mixture of information about the authors of many of our favorite hymns, the biblical truths reflected in our spiritual songs and how to utilize hymns in worship. He also offers insightful observations about some of the changes being promoted that would impose on our praise to God. Those who lead the church in singing will find many helpful suggestions that will make the song service more edifying to all. You may order this fine book from **Stan Mitchell, Church of Christ P. O.
